

EXHIBIT X

Top Psychology Association and Top Dictionary definitions of the idiom/phrase “get/getting into personal space”, and Internet Search aka Google the phrase “get/getting into personal space” and see the “popular acceptance” and “mind of the average viewer/reader” of the phrase “get into personal space”. This carefully chosen wording by the arresting officer within Arrest Warrant clearly has different connotations to veritable let alone proven **stalking, stealth, preying, or harassment.**

The American Psychological Association is the largest scientific and professional organization of psychologists in the United States, with over 121,000 members, including scientists, educators, clinicians, consultants, and students.

Search and select a Dictionary term

personal space invasion

the intrusion by one person into the personal space of another. The intruder inappropriately and uncomfortably crowds the other person. See [proxemics](#).

Definition that NEVER uses the wording – **stalk, stealth, prey, harass. And keep in mind Arrest Warrant only said “get” into personal space and not “violate” or “invade” personal space as written here which has more intrusive connotations in regards to intent.**

GOOGLE – National Geographic personal space between us

THANK YOU – I HAVE NO IDEA WHY THE LINKS ARE NOT CONSISTENT AND WHY THIS HAPPENS. ONCE AGAIN, A GOOGLE SEARCH OF “**INVADE PERSONAL SPACE**” WILL PROVIDE NUMEROUS ARTICLES.

Here is a very telling article defining the phrase “getting into personal space**”.**

<https://www.thespruce.com/etiquette-rules-of-defining-personal-space-1216625>

Here is an article from Psychology today that never uses the wording stalk.

<https://www.psychologytoday.com/us/blog/fulfillment-any-age/201904/5-things-you-need-know-about-personal-space>

And

<https://www.psychologytoday.com/us/blog/fulfillment-any-age/201911/new-look-why-people-invade-your-personal-space>

Here is a book that lists typical “personal space intrusions” never using the word stalk.

<https://drjudithorloff.com/outraged-at-airport-security-searches-tips-to-cope-with-personal-space-intruders/>

Here is a National Geographic article describing “personal space” as a new term.
<https://www.nationalgeographic.com/news/2018/01/personal-space-between-us-graziano-peripersonal-dyspraxia/#close>

And another article upon article upon article that again never uses the words stalk.
<https://www.prevention.com/health/a28692075/personal-space/>

And another that again never uses the words stalk.
<https://www.ebony.com/life/advice/personal-space-tips/>

And another that again never uses the words stalk.
<https://exploringyourmind.com/stress-and-personal-space-when-people-invade-your-privacy/>

And another that again never uses the words stalk.
<https://living.thebump.com/others-respect-personal-space-10614.html>

ETC...

Once again – the evidence is undeniable – carefully chosen words in the articles like the Arrest Warrant so to avoid using the **stalking language.**
