Hello Officer Grasso

Being Pro Se in my case I have to be the one reaching out to you about the following issue.

I have one question.

You seized my 2018 Emails with Complainant Anna Campbell last year Jan/Feb. 2020.

When have you shared the seized Emails with Prosecutor Vieux?

I ask this because she does not indicate that you have shared them with her and asks for my copy.

The **seized Emails (all of them)** are the most authentic so if you have not shared them with the prosecutor over the last year I would appreciate you doing so.
